The book before the book

The Mazzaroth The message in the stars

Psalms 19:1 The heavens declare the glory of God; and the firmament sheweth his handywork. 2 Day unto day uttereth speech, and night unto night sheweth knowledge. 3 There is no speech nor language, where their voice is not heard.

“Signs and for Seasons”

Genesis 1:14 ¶And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years:

Matthew 24:30 And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of man coming in the clouds of heaven with power and great glory.

The first calendar

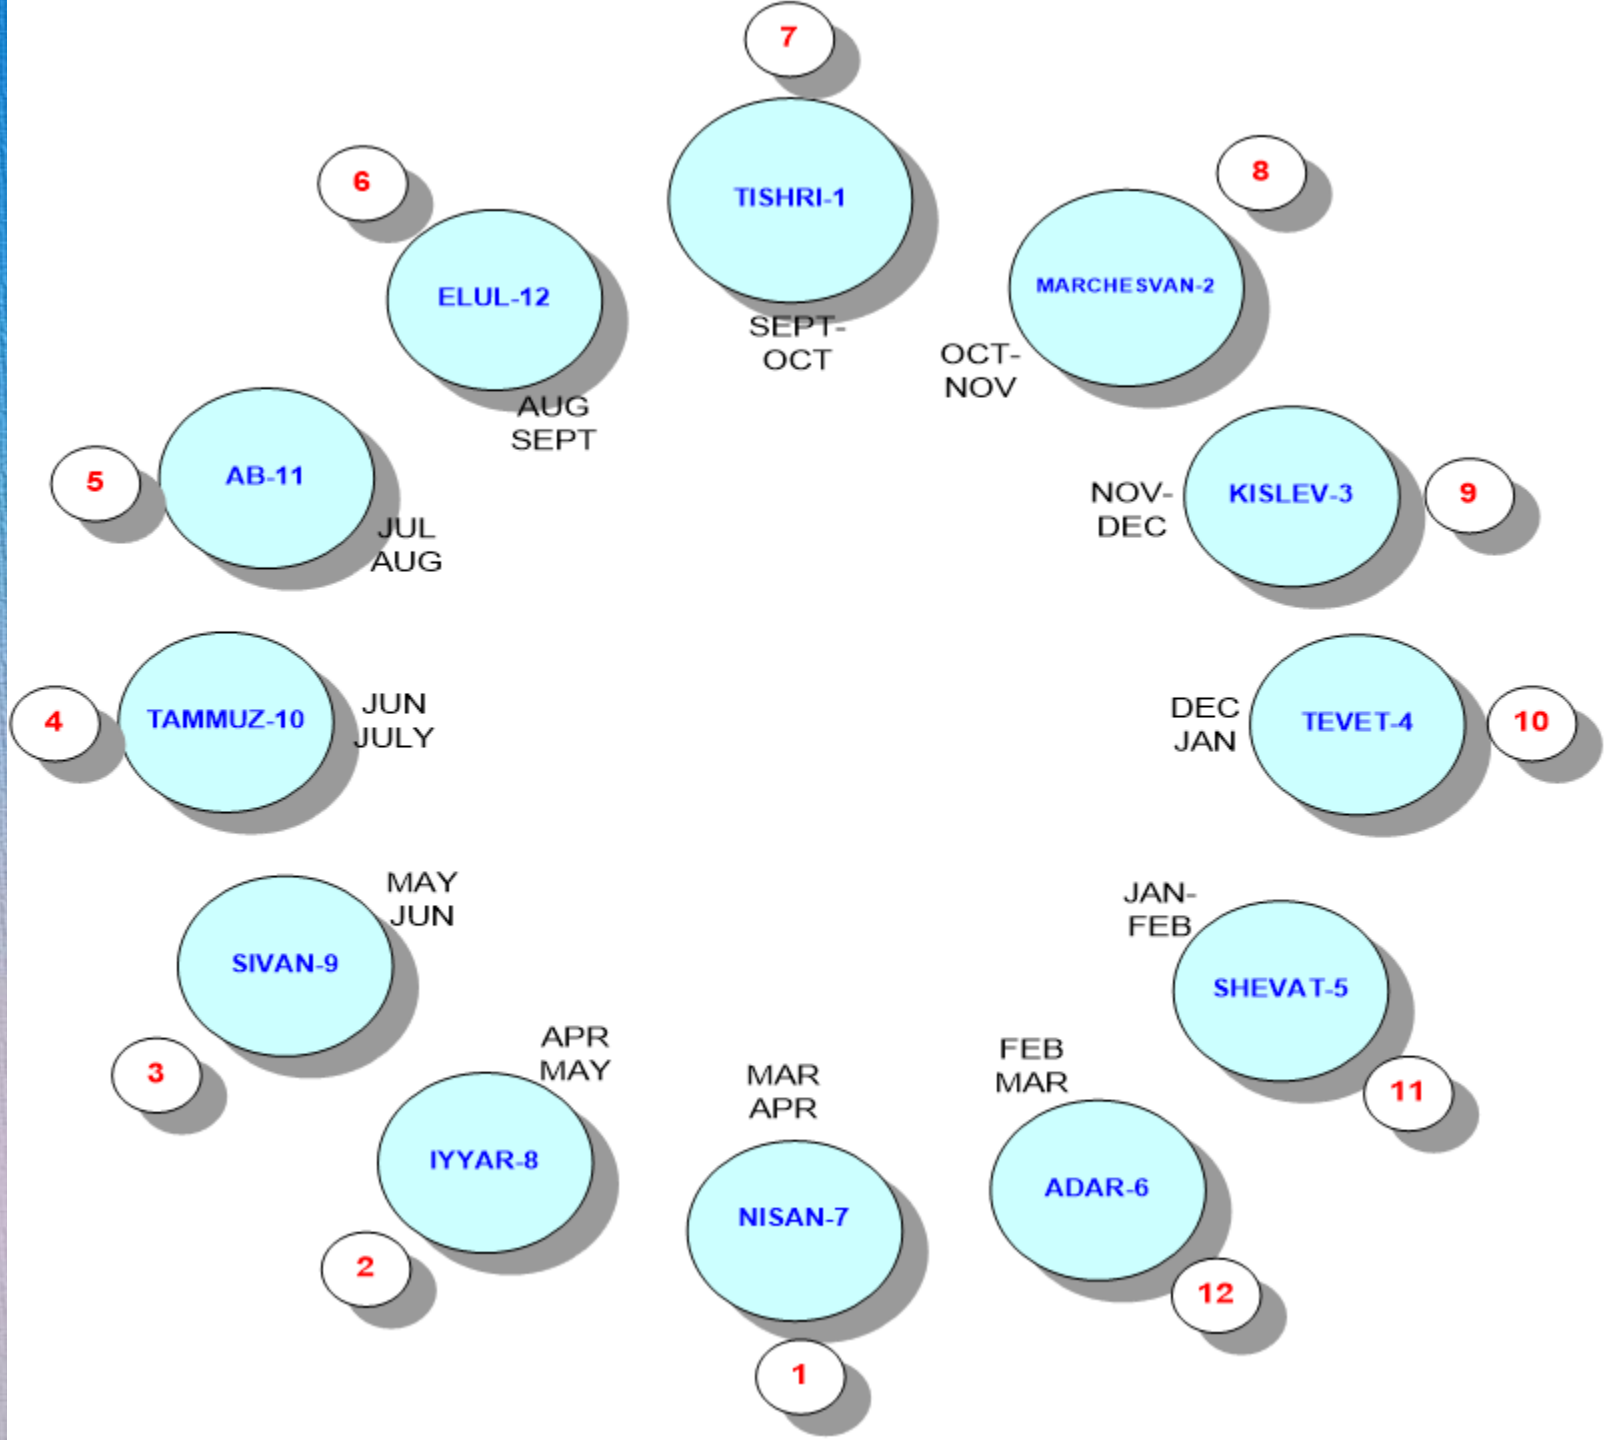

Genesis 7:11 ¶ In the six hundredth year of Noah's life, in the **second month**, the seventeenth day of the month, the same day were all the fountains of the great deep broken up, and the windows of heaven were opened.

12 And the rain was upon the earth forty days and forty nights.

Gen 7:4 And the waters prevailed upon the earth an hundred and fifty days.

Genesis 8:3 And the waters returned from off the earth continually: and after the end of the hundred and fifty days the waters were abated. 4 ¶ **And the ark rested in the seventh month, on the seventeenth day of the month**, upon the mountains of Ararat.

30 days to the month

- Gen 7:11, and 24
- Gen 8 3and 4
- Tells us 5 months = 30 days!
- There were exactly 360 days to year

Many ancient sources

360-day calendar

From Wikipedia, the free encyclopedia

The **360-day calendar** is a method of measuring durations used in financial markets, in computer models, in ancient literature, and in prophetic literary genres. It is based on merging the three major calendar systems into one complex clock, with the 360-day year as the average year of the lunar and the solar: $[365.2425 \text{ (solar)} + 354.3829 \text{ (lunar)}] \div 2 = 359.8$ days rounded to 360. It is a simplification to a 360-day year, consisting of 12 months of 30 days each. To derive such a calendar from the standard [Gregorian calendar](#), certain days are skipped.

For signs and seasons!

Ancient Calendars [\[edit \]](#)

Ancient calendars around the world initially used a 360 day calendar.

Rome [\[edit \]](#)

Romans initially used a calendar which had 360 days, with varying length of months.^{[1][2]}

Egypt [\[edit \]](#)

Israelite [\[edit \]](#)

India [\[edit \]](#)

The [Rig Veda](#) describes a calendar with twelve months and 360 days.^[3]

Mesoamerica [\[edit \]](#)

In the [Mayan Long Count Calendar](#), the equivalent of the year, the tun, was 360 days.^[4]

The Day the calendars changed ?

2 Kings 20:6 And I will add unto thy days fifteen years; and I will deliver thee and this city out of the hand of the king of Assyria; and I will defend this city for mine own sake, and for my servant David's sake. 8 And Hezekiah said unto Isaiah, What shall be the sign that the LORD will heal me, and that I shall go up into the house of the LORD the third day? 9 And Isaiah said, This sign shalt thou have of the LORD, that the LORD will do the thing that he hath spoken: shall the shadow go forward ten degrees, or go back ten degrees? 10 And Hezekiah answered, It is a light thing for the shadow to go down ten degrees: nay, but let the shadow return backward ten degrees. 11 And Isaiah the prophet cried unto the LORD: and he brought the shadow ten degrees backward, by which it had gone down in the dial of Ahaz.

The Story Is told

- Galatians 3:8 And the scripture, foreseeing that God would justify the heathen through faith, **preached before the gospel** unto Abraham, saying, In thee shall all nations be blessed.

The One who Guides(fulfils)

Job 38:32 Canst thou bring forth
Mazzaroth in his season? or canst thou
guide Arcturus with his sons?

Job 38:31 Canst thou bind the sweet
influences of Pleiades, or loose the bands

The Alpha & Omega

Stars in a constellation are given greek names in order of apparent brightness. That is, the brightest appearing star in a constellation is generally called the “Alpha”, the next in brightness, is called the “Beta”, and so on..

I Jesus have sent mine angel to testify unto you these things in the churches. I am the root and the offspring of David, and **the bright and morning star.**

Revelation 22:16

The Message in the Mazzaroth !

- The pictures found today in the zodiac were not developed by the Greeks, but were in place perhaps as early as 4000 B.C. predating even the civilizations of Sumeria . These pictures were not merely arranged in haphazard order to aid in the tracking of the star movements, but with the purpose of depicting an epic narrative.

There is no language where there voice is not heard !

This understanding of the zodiac reveals an intelligence and prophetic understanding that was corrupted through time by the "the opposer". The zodiac was never intended to be monitored to reveal destiny, with the stars in control of men's lives, rather it was established as a pictorial story of God's plan of salvation on earth. God is in control of the stars and men.

Psalms 147:4 He telleth the number of the stars; he calleth them all by their names.
